

HELP MAKE THE UPTOWN MURAL A REALITY!

Much hard work has already been done to get UpTown's first mural under way. A site at 1426 Adams near 14th was selected, proposals requested, a final design chosen and some site prep work completed. All done in record time, through 100% volunteer effort and without cost. But the reality is that our mural will not happen without your support. We need your help to make this beautiful addition to UpTown come to life. Our goal is to raise the \$15,000 (a bargain price for such a detailed painting) so work can begin in the summer of 2007. Donor levels are listed below. Please consider contributing to help beautify UpTown!
